Volume 1, Issue 1 - August 2021

What have we been up to since the launch in March 2021 of the new Sussex Central's Active Trefoil Guild

First Face to Face Event

In May

After several Zoom meetings our first gathering in person was held on 22nd May 2021. We went to Worth Park in Crawley to do the Tree Trail. 22 of us gathered and, before setting off, had our photo taken for the record books. There

are 26 trees on the trail, many of which are West Sussex Champion trees. We split into three groups led by Charlie, Yvonne and Margery and learned about the trees and the history of the gardens. We had the good fortune to bump into the local man whose idea it was

to have a published tree trail there. The morning ended with the requisite cup of tea or coffee from the kiosk and a chat with new and longstanding friends. We also signed the cards Charlie had created for each of us as a memento of the event. It was great to meet up face to face and start out on our journey as a new Guild.

Report by Margery Nash

19 June 2021 – Cuckfield Walk

A Saturday afternoon walk was arranged by the Haywards Heath contingent of The Hive. We started from the car park in Broad Street, Cuckfield, and walked around the outskirts of New England Wood and down to the mini waterfall, back up along the edges of Cuckfield Park, then over to the churchyard with its beautiful vista of the South Downs, and so back to the car park. Although it had been raining the day before, the ground was not too bad and nobody went for a slide.

We then moved on to the Harvester in Haywards Heath, where more members joined us and we enjoyed a very friendly and happy meal together. At the end of the meal there was a photo opportunity where Bev Killick – Acting Chair was presented with the Registration Certificate for The Sussex Hive Active Trefoil Guild. This was the first photo of the bespoke Trefoil Wear was worn by most of the participants and a good day was had by all. -

More Photos of the Cuckfield Walk

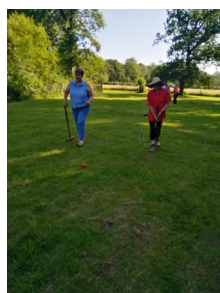

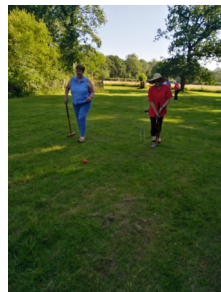

July 16th 2021 the Guild spent the evening at Nowhurst Campsite

Nowhurst Campsite BBQ croquet and boules afternoon/evening - July 16th 2021

We were lucky with the weather a dry sunny day with lots of shade from the chestnut tree to sit under chat and eat. Lots of fun had playing croquet and boules. A big thank you to Sally Carver and Janet Taylor for organising the event and to Sally Carver's granddaughter Jo and husband Tyler for cooking the meat.

The pictures show everyone enjoying this popular event – perhaps to be repeated another year!!
